1. Service description

NEOLink is a web application designed for the NEOLAiA European Universities Alliance that enables universities to share and discover educational resources, courses, and learning materials. The platform facilitates collaboration between institutions by providing a centralized marketplace for educational items with features like categorization by academic fields, university associations, and Discourse forum integration.

2. Who the service is for

The service is intended for researchers, university staff, and academics who are members of the nine universities of the European NEOLAiA alliance, with plans for future extension to other European alliances.

3. Who manages it

The service will be managed by the University of Salerno and in particular by the ISISLab.

4. Support

You can ask for support by sending an email to the following contacts:

- virtualcafe-support-list@unisa.it

5. Information on the processing of personal data

All information regarding the processing of personal data and privacy policy of the service can be found here: https://neolink.neolaiacampus.eu/privacy_policy.
